

Turning Stones into Art Contest

This year I am excited to announce the GFWC-WI Special Members Art Contest will be Turning Stones into Art. Each club is encouraged to make art out of stones. You pick the stone. You pick the art. Then create anything that comes to mind. Make jewelry out of stone. Make steppingstones, how about a planter, a portrait or kindness rocks. Be creative.

The Rules

- The contest is open to all dues paying clubs/members of GFWC – Wisconsin.
- Entries can be by club OR by individual club members in good standing.
- You may decorate your stones any way you want. Paint it, glue them together, carve it...your imagination is your only limitation.
- If your entry needs a special display stand, please include that when dropping off your entry. Unless told otherwise, the display stand will be returned to the entrant. We will not have extra stands at the convention.
- Each entry shall have the entrant's name, Title & Description, and starting bid clearly printed on the silent bidding sheet.
- All entries will be checked in at the same location as the member arts contests.
- Entries will be on exhibit and there will be a silent auction during the State Convention. Viewing and silent auction times will be posted at the convention.

Good Luck!
